## Space & Naval Warfare Systems Center Awards Contract

SAN DIEGO -- Dyn Corp Information & Engineering Technology, Fairfax, Va., is being awarded \$6,697,197 for an indefinite delivery/indefinite quantity type contract with cost-plus-fixed-fee pricing for engineering and technical support for the Electronics Technology Office. The Electronics Technology Office focuses on electronic technology for information systems to perceive and control the battlefield. This contract contains two one-year option periods, which if exercised, will bring the total cumulative contract value to \$12,520,955. The work will be primarily performed in Arlington, Va. The period of performance is from date of award through five years thereafter with a three-year base period and two one-year options. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured using the multiple award concept. There were 66 firms solicited and 5 offers received. The Space and Naval Warfare Systems Center San Diego, is the contracting activity (N66001-98-D-8002).
